When you choose a La Mancelle caravan, you get more than 50 years of experience, passion and innovation. Our caravans are designed to give you the greatest satisfaction and enable you to head off for a weekend or holiday with peace of mind. **Your comfort and safety are not optional, which is why our caravans include standard fittings that other brands only offer as options.** That is why all our caravans come with the new Delta axle as a standard feature. This part has been specially designed and developed for caravans by our partner AL-KO, so you can enjoy improved road handling and greater comfort on corners with minimal swaying. All our models also come with a shower and a practical, high performance toilet system so you can enjoy greater comfort, safety and onboard autonomy. La Mancelle caravans are made using quality materials hand-assembled by experienced professionals who are proud to deliver a Made in France product with an impeccable finish. They are completely sealed and insulated, which enables us to give you a 7-year weathertightness warranty. Our three ranges, Fantaisy, Liberty and Élégance, are available in multiple configurations to suit all caravanning tastes and styles. Enjoy great holidays in your ideal caravan.

**ENJOY A VIRTUAL TOUR OF
YOUR FUTURE CARAVAN**

by scanning this QR code using your smartphone or
tablet, or by visiting the Virtual Tour page on our website:
<https://www.la-mancelle.com/en/virtual-tours/>

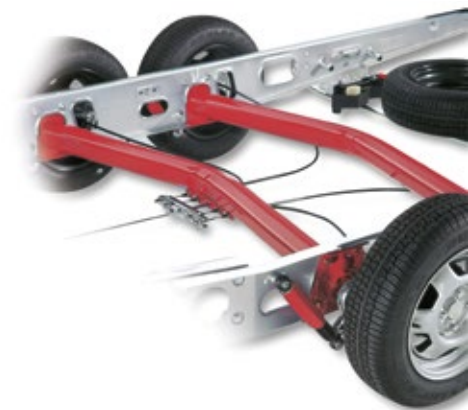

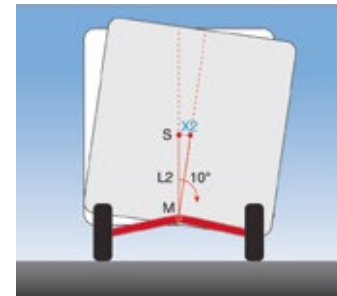

We believe that your safety and wellbeing are not optional.

That's why our caravans include these essentials as standard features, so you can enjoy great holidays.

SAFETY

Your safety is essential. All our models come with the new Delta Euro axle by AL-KO as a standard feature. This axle has been specially designed for caravans.

It helps combat the centrifugal force that can reduce the grip of the wheel on the inside of the corner. The suspension arms operate independently during compression and displacement. The bearing transfers the force acting on the wheel on the outside of the corner to the wheel's steering knuckle, increasing its compression and negative camber (inwards). The wheel pushes against the centrifugal force and stabilises the vehicle towards the inside of the corner. The Delta axle with angled arms is therefore able to reduce the swaying movement. The AKS 3004 stabiliser coupling system, also a standard feature, reduces snaking. This makes driving safer and more enjoyable.

CHOICE

Our three ranges are designed to give you a wide choice of interior styles and layouts, including the option of having a central bed, full-width bed or twin beds.

AERODYNAMIC

The contours of our models have been designed to deliver an excellent air penetration coefficient which not only helps in terms of traction but also fuel consumption.

QUALITY & RELIABILITY

Choosing a La Mancelle caravan is a sound investment. We have over a half century of experience in designing and manufacturing caravans, which is why we can offer a 2-year manufacturer's warranty and 7-year weathertightness warranty.

DURABILITY

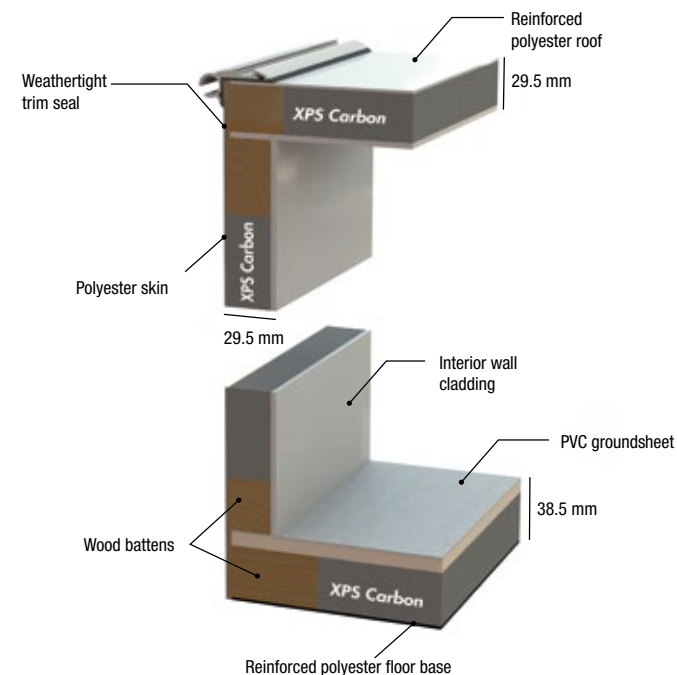

The polyester skin on the roof and panels provides great durability. And the polyester floor base increases the caravan chassis' sturdiness (Isorigid technology).

TECHNOLOGY ENSURING YOUR COMFORT AND INDEPENDENCE

Because holidays are made for rest, your La Mancelle caravan has the best onboard technologies to ensure you enjoy a sense of complete well-being.

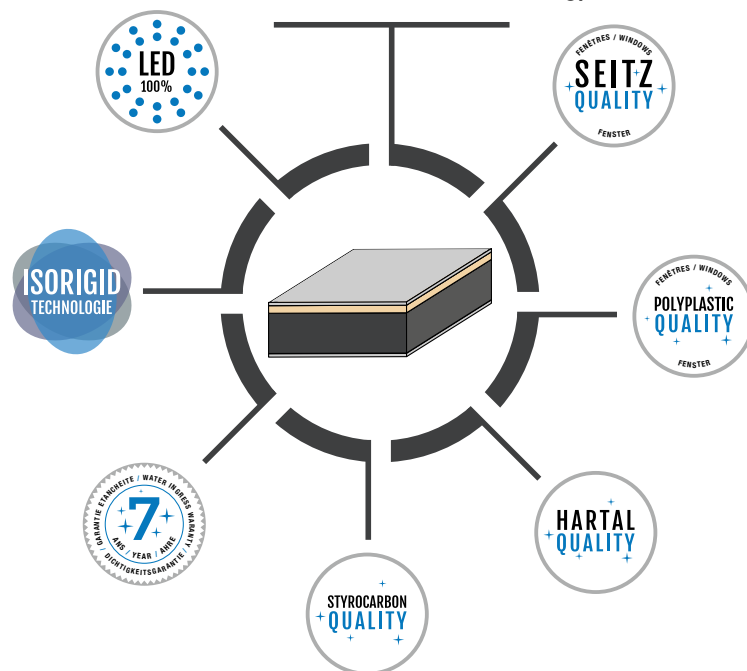

INSULATION

The thickness of our floors and roofs enable us to offer acoustic and thermal insulation that exceeds standard levels. Styrofoam™, has been replaced by even more effective Xenergy™, as a standard feature. Our caravans are protected from leaks thanks to our rot-proof materials. Polyester minimises any damage from hail and other splashes, as well as from heat and cold (and of course noise, thanks to our enhanced insulation system).

LAMANCELLE

All of our La Mancelle caravans are fitted with the best technology

Excellent thermal insulation

Great mechanical strength

Lasting performance

Lightweight

Great water and steam resistance

xenergy

The background is a solid blue color with faint, stylized white floral and leaf patterns. The word 'Fantaisy' is written in a large, white, cursive script. Below it, the phrase 'You are my dream ride' is written in a smaller, white, cursive script.

Fantaisy

You are my dream ride

The Fantaisy range features agile, manoeuvrable, affordable caravans that can be towed by a saloon car, so you can travel to even the most remote locations. Journey along smaller roads to peaceful little corners of the world that others cannot reach. The affordability, agility and autonomy of this caravan range rival those of campervans.

Fantaisy 360 - TREK Pack

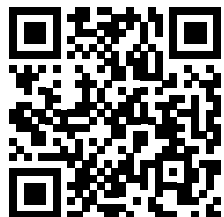

The Fantaisy is sure to charm, with its port hole-style side windows, pretty curves and compact 2-metre width. Its dimensions instantly give you confidence. Fantaisy is quick to hook up to your vehicle. A saloon car is sufficient for towing this caravan, enabling you to drive along the narrower roads of inland regions and explore charming little villages. Its standard feature bathroom comforts provide reassuringly safe facilities, including a washroom with toilet. Add the Trek* pack, featuring a high performance toilet system, to enjoy greater autonomy in your Fantaisy caravan. You can make the most of every moment, stopping wherever and whenever you wish and discovering a new style of touring caravanning. No need to find a campsite to enjoy a hot shower. The Fantaisy is an agile, modern, practical, innovative, easy to use caravan. It is made with quality materials from the sailing industry so you can enjoy excellent acoustic insulation and complete weatherproofing. This caravan is always ready to hit the road and will quickly become popular with your family!

Enjoy greater autonomy with the Trek Pack:

- Combi 4E heating
- Wastewater tank
- Superfil pump
- Battery
- Plaisance trim

(option)

A stylized, light gray floral illustration serves as a background for the page. It features a central stem with several long, pointed leaves and a few small, five-petaled flowers. The overall style is elegant and minimalist.

elegance

Head-turning looks

This model is worthy of its name. Its interior is sophisticated and understated. And this much elegance will be sure to turn heads as you drive by. This caravan is available in six layouts so you can choose one suited to your family and taste.

Élégance 494 CE

Élégance 490 SA

The 2024 Collection is fitted with Seitz windows, taupe polyester panels, a sculpted rear panel that incorporates the handles, and LED lights with sequential indicators. The windows provide greater security as they cannot be dismantled from the exterior. They feature a clever system where you only need one hand to switch between blinds and mesh mosquito net. Éléance models also come with a shower as standard thanks to the new swivel basin in the bathroom. This clever system lets you simply swivel the basin to reveal a spacious, backlit shower. You can feel fresh and clean even in the most remote locations. That's true luxury! Another feature you will love is the wonderfully large refrigerator which opens from both sides. Located near the entrance door, this fridge lets you reach inside for something cool without even needing to step inside the caravan. Handy for outdoor dining! And for those who prefer minimal hassle while on holiday, you can control the digital control panel - with the Truma sensor controlling the air conditioner and hot water - on your smartphone (iNet Ready). Comfort, space and practicality all in one! Everything you need for enjoyable, relaxing holidays.

Éléance 440 CBM / Sable style dinette - Dual swing door refrigerator

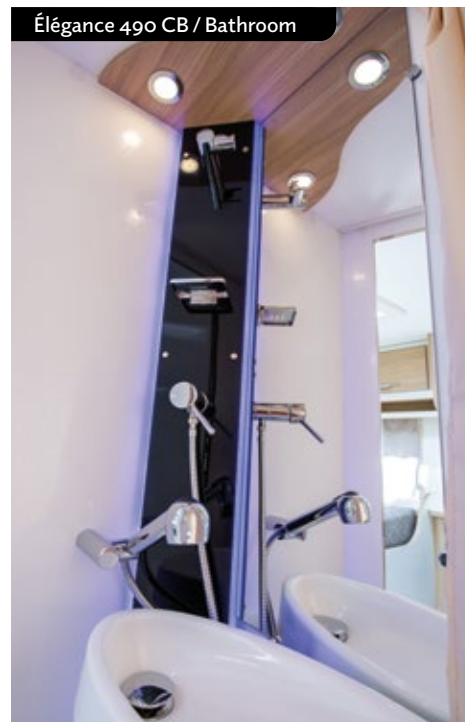

Éléance 494 CE / Kids' bedroom

Élégance 490 SA / Kitchen

Élégance 490 CB / Bathroom

Bathroom with swivel basin. Unhook the shower head from the basin. Attach it to the upper holder. Swivel the basin to reveal a spacious shower with LED backlighting.

IMPORTANT: Your choice of options will reduce your caravan's user payload. It must not exceed the MTPLM (car + caravan MAM). Ask your dealer for more information. The unladen mass in running order can vary by +/- 5% in relation to the mass stated on the COC. This includes the standard unladen mass + mandatory fittings (depends on model): 1 full gas cylinder 13 kg, 4 kg of essential tools.

- Lightweight, compact and economical.
- 5 litres.
- Perfect for autumn and spring. Enjoy hot water whenever you want.

All of our caravans come with a shower as standard

SHOWER WITH SWIVEL BASIN

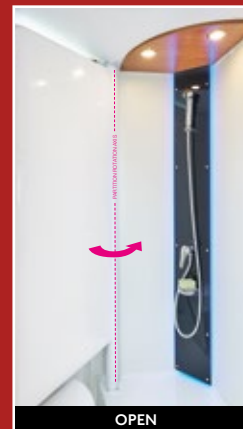

The basin swivels to reveal a spacious shower.

Cleverly, the shower head serves as the basin's tap when set to its lowest position. Simply swivel the basin on its column and move the shower head to its highest position to enjoy a genuine shower.

Standard feature on all Fantaisie and Élégance models.

VARIO SHOWER

Rotate the partition holding the basin and fog-free mirror to reveal a spacious shower.

How it works: Swivel the partition on its rotation axis to reveal a spacious, backlit shower.

Standard feature for: LIBERTY 490 SA and 600 SA.
Optional feature for: ÉLÉGANCE 400 CLM, 440 CLM and 490 SA.

OPTIONAL FITTINGS

Keep an eye on your La Mancelle caravan for stress-free travel

Garmin Camper 795 GPS + wireless rear-view camera pack

DRIVE AND MANOEUVRE SAFELY

Enter your caravan's dimensions and your destination on the 7" HD screen, and the Garmin Camper GPS will instantly find the best route for your caravan. You also get real-time traffic information, caravan-specific alerts and free lifetime map updates! The camera located at the rear of your caravan provides a wide angle view so you can manoeuvre with precision and peace of mind.

Garmin Camper 795 GPS + 3 wireless camera pack

DRIVE AND MANOEUVRE SAFELY WHILE KEEPING AN EYE ON YOUR CARAVAN'S SURROUNDINGS

Garmin BC 50 cameras are watertight and discreet, featuring HD resolution and a wide-angle lens to give you a clear view. The 3-camera pack (1 rear and 2 side) provides you with views behind and to the sides of your caravan. This is handy while you are manoeuvring and driving, as well as camping, enabling you to monitor what's around your caravan from inside. The autonomous Garmin Camper 795 GPS communicates wirelessly with your cameras using WiFi and offers GPS navigation customised to your caravan. Comes with a suction mount and USB/cigarette lighter car charger plug.

Time for music!

Blaupunkt BPA 3022 M
Multizone hi-fi sound system
+ 4 speakers (4 x 40 W)

The Blaupunkt BPS 3022 M is specially designed for use in caravans so you can listen to your favourite music everywhere thanks to its multizone set-up. The powerful DAB+ tuner and FM-RDS, along with its extended connectivity with BT-streaming audio, USB and Aux-IN, offer multiple ways for you to enjoy music: listen to the radio, cast music from your smartphone or tablet, or play music from a USB-, AUX- or HDMI-compatible device (such as a TV). 4 x 40 W speakers with two independently-controlled zones. 55 W max. BALL speaker.

RESTFUL HOLIDAYS FILLED WITH SWEET DREAMS

Holidays are only enjoyable if you can get a good night's sleep. Our slat bed bases support comfortable foam mattresses that are 160 mm thick in *Élégance* and *Liberty* models and 120 mm thick in *Fantaisy* ones. Our beds are designed to last and to provide the comfort you need for a restorative night's sleep.

- 100% polyester
- Heat-regulating mattress
- Dust mite protection
- Certipur (eco-friendly foam)
- Made in France

since 1960
